## Storage

There are lots of reasons why you may need to store some or all of your belongings; to bridge the gap between house sales, to de-clutter your house to make it easier to sell, or perhaps during building work or redecoration. Whatever the reason, we have all the space you need. We have secure storage facilities in Suffolk, Norfolk, Cambridgeshire and Alicante in Spain. All our warehouses are temperature controlled and have 24-hour CCTV surveillance, so you can be sure your belongings will be kept safely while in our care.

**"Thank you for organising the collection so quickly, it went really smoothly. James and Perry were great!"**

*Clare Wickens, Brandon – USA*

### **Specialist Moving Services**

Here at Arrowpak we've learned that not every move is straightforward and that sometimes specialist skills and equipment are needed to complete the task safely and securely. It could be a valuable painting that requires special protection; a piano that needs moving from an upstairs flat, a treasured car that you want to move to a new home overseas, or simply a move from a property with restricted access. Whatever the challenge, our specialist removal teams have the equipment and experience to make sure the job goes smoothly and everything arrives safely at your destination.
